

## Fresh Films in the Classroom:

Move your students from media consumers to media creators, teaching them communication, collaboration and critical thinking skills.

### A. Overview:

The Fresh Films step-by-step guide is a tool for educators to bring filmmaking to the classroom or implements as an after school program with video lessons and supporting materials that allow teachers and students to work at their own pace. No professional equipment or experience necessary. The program guides students through the hands-on process of film production and technical skill development. Three projects within the package increase in complexity to enhance student media making skills.

### B. Audience:

Best for 5<sup>th</sup>-12<sup>th</sup> graders. Meets ELA, Media Arts and ISTE standards. Great for arts, social science, and English classes.

### C. Cost:

\$399/school year with professional development for one teacher, \$100 per additional \$1849/school year with equipment pack and professional development for one teacher, \$100 per additional

#### EQUIPMENT INCLUDED:

## About Fresh Films:

For 15 years, Fresh Films has been putting teens behind the camera for films and TV shows to build serious resume and life skills. Now a part of Augustana College in Rock Island, Ill., Fresh Films collaborates with educators and schools to bring the program into schools as part of interactive assemblies, grants and curriculum.
