

Children's Online Privacy Protection Act (COPPA) requires that we gain verifiable consent for your child to participate in a Fresh Films sponsored program if they are under age 13.

**We are asking for your permission to retain your child's information (name, email, hometown, grade level, and school) and parent/guardian name and email in order to track student participation, accept student submissions, notify winners, and distribute awards. If you consent, we may use your child's name, grade, and hometown (city, state (if USA) and/or city, country) in program-related outreach.**

Your child is participating in a program produced and hosted by Fresh Films, ("Fresh Films"), a nonprofit film producer who engages youth in the fun and relevancy of film to grow tech and future workplace skills, confidence and connections.

To participate, your child must provide his/her personal information (first and last name, email, grade level, hometown, and school); his/her essays or video project; and an adult sponsor's first and last name and email. Since your child is under the age of 13, the information collected will be kept confidential in compliance with the Children's Online Privacy Protection Act (COPPA).

Fresh Films is the sole owner of all of the information that is collected.

- The personal information provided by the child is used to track program participation, accept student projects, notify program winners, and distribute awards.
- Only with parent/guardian consent, the child's name, grade, and hometown (city, state (if USA) and/or city, country) may be used to promote the program. This includes, but is not limited to, outreach via social media, websites, organizational literature, and at events.
- Fresh Films will not require a child to disclose more information than is reasonably necessary to participate in the program.
- No information will be disclosed to third parties.
- The parent can review the child's personal information, ask to have it deleted, and refuse to allow any further collection or use of the child's information.
